

Charotar University of Science & Technology ASHOK & RITA PATEL INSTITUTE OF PHYSIOTHERAPY

Sr No	I.D. Number	Name	Guide Name	Title
244	24MPTRE102	Nishita Matang	Dr. Dhruv	Acute Effects of Functional aerobic Blood Flow Restriction Training (Bfr-Ae) on Glycaemic Response in Adults with Type 2 Diabetes Mellitus
243	24MPTRE101	Nistha Lakdawala	Dr. Dhruv	The Association of Sarcopenia with Lung Function in Working Women and Non-working Women - A Comparative Study
242	24MPTPA103	Khushi Shukla	Dr. Surbala	Barriers and Facilitators to Rehabilitation Access for Children with Cerebral Palsy: A Cross-Sectional Study of Caregivers' Perspective
240	24MPTPA102	Disha Sharma	Dr. Surbala	Awareness, Availability, and Utilization Constraints of Community Resources for Children with Childhood-Onset Disabilities in Rural India: A Cross-Sectional Survey
241	24MPTPA102	Archana Chitaliya	Dr. Krishna	Exploring Facilitators and Barriers in pediatric clinical training: perspective of Undergraduate physiotherapy students in Gujarat
239	24MPTNS107	Mansi Tank	Dr. Surbala	Family Caregivers' Knowledge, Preparedness, and Training Needs for Long-term Stroke Rehabilitation in India: A Cross-sectional Survey
238	24MPTNS106	Richa Sampat	Dr. Mansi	Physiotherapists' Perceptions and Practices of Electrodagnostic Studies: A Qualitative Exploration
237	24MPTNS105	Kashish Parikh	Dr. Krishna	Evaluation of Availability and Utilization of Physiotherapy Services Among Stroke Survivors in Rural Areas of Gujarat - A cross sectional study
236	24MPTNS104	Krupali Jadhav	Dr. Sumam	Exploring the correlation of cognitive-motor interference with fear of fall and functional ability among older adults with Type 2 Diabetes Mellitus – a cross-sectional study
235	24MPTNS103	Jeel Dhori	Dr. Krishna	Translation and validation of Gujarati version Parkinson diseases caregiver burden questionnaire (PDCB) to assess caregiver burden of Parkinson.

234	24MPTNS102	Asmita Chauhan	Dr. Mansi	Knowledge, Barriers, and Facilitators in the Application of Task-Oriented Training Among Physiotherapists in Stroke Rehabilitation: A Cross-Sectional Study
233	24MPTNS101	Rohan Bhagchandani	Dr. Mansi	Perceptions and experiences of stroke patients regarding early mobilization during rehabilitation in an Indian context
232	24MPTMS107	Bhavana Swami	Dr. Ratan	Physiotherapist's Perspective on Functioning Issues of Individuals with Shoulder Pain: A Qualitative Study
231	24MPTMS106	Suthar Ayushi	Dr. Ratan	Physiotherapist's Perspective on Functioning Issues of Individuals with Low Back Pain: A Qualitative Study
230	24MPTMS105	Deep Patel	Dr. Bhargav	Comparison of Back Strength among Tug-of-War Athletes and Healthy Population
229	24MPTMS104	Bansari Patel	Dr. Ratan	Bharat Neck Functioning Scale (B-NFS): Validation of a Scale for Assessing Neck Pain Functioning among Indian
228	24MPTMS102	Vrushti Dave	Dr. Heta	Usability and acceptability of virtual reality-based protocol in Knee OA rehabilitation- A Pilot Study
227	24MPTMS101	Rinie B Chauhan	Dr. Heta	Video Based Rehabilitation compared with Therapist Instructed Rehabilitation to Improve Muscle Strength and Balance among Geriatric Individuals: Pilot RCT Testing
226	24MPTCS103	Sahal Saiyad	Dr. Megha	Development of Patient Centered Strategies to Utilize OPD Based SET for Post-operative Peripheral Arterial Disease
225	24MPTCS102	Ayush Patel	Dr. Megha	The Impact of Blood Flow Restriction (BFR) training on Quadriceps muscle strength in patients with Chronic Obstructive Pulmonary Disease
224	24MPTCS101	Bansi Lakhani	Dr. Megha	Development and Validation of a Low-Cost Ambulatory Blood Pressure Monitoring Wristband for Young Adults: A Pilot Testing
223	23MPTRE104	ALNA	Dr. Dhruv	High-Intensity Interval Training (HIIT) on Pre-Hypertensive Individuals with Abdominal Obesity
222	23MPTRE103	MITTALKUMAR I	Dr. Dhruv	Effect of Otago Exercise Program v/s Matter of balance exercise program in Community Based Rehabilitation for older adults
221	23MPTRE102	HETVI	Dr. Shipraa	Formulating a Yoga based therapeutic exercise module for menopausal symptoms: insights from experts

220	23MPTRE101	SHWETA	Dr. Dhruv	Effectiveness of short-term f-HIIT program on blood glucose level in people with prediabetes
219	23MPTPA102	SHRUTI	Dr. Surbala	Exploring Rehabilitation Priorities for Cerebral Palsy: Perspectives of Parents and Physiotherapists
218	23MPTPA101	SAMIYA	Dr. Krishna	The impact of caregiver strain on the Quality of life of mothers raising a child with autism spectrum disorder
217	23MPTNS106	SHUBHANGI	Dr. Krishna	Exploring Ethical Challenges in Spinal Cord Injury Rehabilitation: Insights from Indian Physiotherapists
216	23MPTNS105	AVANI	Dr. Surbala	Difficulty Faced During Indoor and Outdoor Walking in Parkinson's disease and its Impact on Social Participation: A Qualitative Study
215	23MPTNS104	VIRTI	Dr. Mansi	Feasibility and acceptability of intervention program among primary caregivers of stroke survivors.
214	23MPTNS103	RITAMKUMAR	Dr. Sumam	Factor influencing the adoption of technology-based intervention in neurorehabilitation- a cross-sectional study
213	23MPTNS102	DISHA	Dr. Sumam	Exploring students' perception of student-led physiotherapy clinics: A cross-sectional survey
212	23MPTNS101	JANVIBA	Dr. Mansi	Prevalence of return to work in stroke survivors of the working age group in Gujarat
211	23MPTMS109	KRISHNABEN	Dr. Ratan	Development of neck pain functional outcome measure suitable for Indians: A Delphi Study
210	23MPTMS108	MANSI	Dr. Heta	Indian Physiotherapist's perspectives on Game based Rehabilitation program for Knee Osteoarthritis: A Qualitative study
209	23MPTMS106	DHARMI	Dr. Heta	Correlation between degree of toe-out angle and incidence of Patellofemoral Pain in Adults Aged 20-50: A Cross-Sectional Study
208	23MPTMS105	RONAK	Dr. Ratan	Patient's Perspective on Functioning Issues of Individuals with Low Back Pain: A Qualitative Study
207	23MPTMS104	DHRUV	Dr. Ratan	Patient's Perspective on Functioning Issues of Individuals with Shoulder Pain: A Qualitative Study
206	23MPTMS103	MARGEE	Dr. Shipraa	Generalizability of Digital Aristegui Pictorial Questionnaire Among Non-Medical College Students: A Validation Study

205	23MPTMS102	AKANKSHA	Dr. Shipraa	Cross Cultural Translation and Validation of the Oslo Sports Trauma Research Center Overuse Injury (OSTRC) and Health Problem Questionnaires for Indian Youth Athletes
204	23MPTMS101	YASHVI	Dr. Heta	Development of "Swadhin" Knee Diary for the Gujarati Speaking Individuals with Total Knee Replacement in the Indian Community
203	23MPTCS103	NIKITABEN	Dr. Megha	Combined Effectiveness of Supervised Exercise Therapy with Initial Rehabilitation in Post-Operative Peripheral Arterial Disease Individuals: Quasi-Experimental Study
202	23MPTCS102	SMITKUMAR	Dr. Megha	Impact of Smoking Cessation Awareness on Walking Ability in Peripheral Arterial Disease: An Observational Study
201	23MPTCS101	ZARNABEN	Dr. Megha	Social media perception on health of post coronary artery bypass grafting individuals: a qualitative study
194	22MPTRE104	Chakshu Shah	Dr. Dhruv Dave	Effectiveness of mobile phone application-based interventions on the improvement of exercise capacity and self-management in individuals with type 2 diabetes mellitus
193	22MPTRE103	Bhakti Oza	Dr. Dhruv Dave	Translation, cross-cultural adaptation and validation of the back beliefs questionnaire in gujarati language for patients with chronic low back pain
192	22MPTRE102	Priyanka Mevada	Dr. Dhruv Dave	Patient's perception and awareness on management of type 2 diabetes mellitus: a qualitative study
191	22MPTRE101	Urja Desai	Dr. Hemal Patel	Development of normative values for the minimum corset of performance-based tests recommended by OARSI for knee and hip osteoarthritis in healthy individuals
200	22MPTPA102	Vanshika Kapadiya	Dr. Sumam Sunny	Factors influencing parent's satisfaction in the care of children with developmental disabilities in student-led physiotherapy centers
199	22MPTPA101	Aayushi Amin	Dr. Prakash V.	Feasibility and acceptability of intervention program to reduce caregiver strain among primary caregivers of children with developmental disabilities
190	22MPTNS107	Janhvi Savaliya	Dr. Mansi Soni	Perceived feasibility to increase physical activity in different domain among chronic stroke survivors
189	22MPTNS106	Krutishaben Patel	Dr. Mansi Soni	Cultural factors influencing utilization of physiotherapy services in stroke survivors

188	22MPTNS105	Janvi Panchal	Dr. Mansi Soni	Comparison of the effect of verbal encouragement on time up and go test performance between community ambulators and limited community ambulators with stroke
187	22MPTNS104	Jamila Naya	Dr. Prakash V.	Influence of perceived barriers on community mobility among the patients with stroke
186	22MPTNS103	Dhruti Modi	Dr. Prakash V.	Intra interviewer reliability of the indian stroke scale in patients with stroke
185	22MPTNS102	Bansi Bhanderi	Dr. Prakash V.	Convergent validity of the indian stroke scale with quality of life and fear of fall in patients with stroke
184	22MPTNS101	Sreekutty Madhu	Dr. Sumam Sunny	Current practice of goal setting among physiotherapists treating patients with stroke in india: a cross -sectional study
183	22MPTMS106	Dhruvi Soni	Dr. M. Balaganapathy	Knowledge and perception of physiotherapy students towards use of artificial intelligence in physiotherapy: a cross-sectional study
182	22MPTMS104	Dhwani Pandya	Dr. Ratan Khuman	Physiotherapist's perspective on functioning issues of neck pain: a qualitative study
181	22MPTMS103	Anjali Kathrotiya	Dr. Ratan Khuman	Physiotherapist's perspective on functioning issues of individuals with neck pain: a qualitative study
180	22MPTMS102	Alok Desai	Dr. Sweni Shah	Factors influencing awareness, agreement, adoption, and adherence to evidence-based treatment recommendations in the management of non specific low back pain
179	22MPTMS101	Anjali Dave	Dr. Sweni Shah	Responsiveness and minimum important change of the oswestry disability index 2.1a gujarati in the patients with low back pain
198	22MPTCS104	Jeel Velani	Dr. Vidhi Thakar	Developing the content of textmessage reminder to improve exercise adoption and adherence among people with hypertension - a qualitative study
197	22MPTCS103	Arjun Vaja	Dr. Megha Gohil	Health related quality of life in patients with varicose vein utilizing aberdeen varicose vein questionnaire
196	22MPTCS102	Heli Patel	Dr. Vidhi Thakar	Feasibility of aerobic exercise as compared to isometric handgrip exercise among people with hypertension: a randomozed cross-over feasibility trial
195	22MPTCS101	Disha Chaudhary	Dr. Megha Gohil	Development of walking prediction model for patients with peripheral artery disease

171	21MPTRE104	Rutwa Pandya	Dr. M. Balaganapathy	Association of risk of falls with muscle strength measurement in community dwelling older adults of Gujarat: an observational study
170	21MPTRE103	Kanchan Gupta	Dr. Dhruv Dave	Perceived facilitators and barriers of environmental factors for risk of fall by community dwelling elderly
169	21MPTRE102	Ruchit Dani	Dr. Dhruv Dave	Patient's ideas, concerns, expectations, and satisfaction in physiotherapy care - a questionnaire study of patients perspective
168	21MPTRE101	Mansi Bhadiyadra	Dr. Dhruv Dave	Effectiveness of insoles on gait parameters at even & uneven terrain, slope and stairs in patients with type 2 diabetes mellitus
178	21MPTPA102	Bhumi Patel	Dr. Mansi Soni	What extent is paediatric physiotherapy family centered and what influence their decision making ?
177	21MPTPA101	Prarthna Pandya	Dr. Sumam Sunny	Factors influencing parent's receptiveness to evidence -based recommendations in care of children with cerebral palsy
167	21MPTNS107	Tarun S	Dr. Sumam Sunny	Physiotherapists' perspective on factors influencing collaborative goal setting amongst patients with stroke in india: a qualitative study
166	21MPTNS106	Pratik Solanki	Dr. Prakash V.	Access to rehabilitation and its determinations among patients with stroke
165	21MPTNS105	Arpita Senjaliya	Dr. Prakash V.	Factors influencing physiotherapists' adherence to evidence-based treatment recommendations: a study of cochrane plain language summaries
164	21MPTNS104	Neha Rai	Dr. Prakash V.	Patient perspectives on gender and preferred attributes of physiotherapists in stroke rehabilitation: a descriptive study
163	21MPTNS103	Shreya Makwana	Dr. Mansi Soni	Comparison of nerve conduction study parameters in patients with different stages in diabetic
162	21MPTNS102	Yashi Jariwala	Dr. Mansi Soni	Perceived factors affecting the selection of outpatient physiotherapy services by patients with stroke
161	21MPTNS101	Himani Dobariya	Dr. L. Surbala Devi	Post-stroke rehabilitation practices for improving social participation: : a cross sectional survey among indian physiotherapist

160	21MPTMS107	Parth Solanki	Dr. M. Balaganapathy	Effectiveness of supervised or home-based fit india protocol compared to conventional treatment on pain and disability in chronic non specific low back pain: a multi arm double blinded randomized controlled trial
159	21MPTMS106	Richa Patel	Dr. M. Balaganapathy	Physiotherapist's attitude, knowledge and belief's about evidence -based physiotherapy treatment for chronic pain: an observational study
158	21MPTMS105	Ragbi Patel	Dr. Hemal Patel	Development of normative value of sit and reach test in healthy individuals
157	21MPTMS104	Niki Patel	Dr. Sweni Shah	Factors influencing patient preferences and expectations for physiotherapy treatment in the management of nonspecific low back pain: a qualitative study
156	21MPTMS103	Meera Thakkar	Dr. Mitva Thakkar	Validation of gujarati version-questionnaire to identify the knee symptoms among individual with early symptoms of knee osteoarthritis: a cross sectional analysis
155	21MPTMS102	Hirva Joshi	Dr. Ratan Khuman	Environmental factors affecting frozen shoulders individuals: a patient perpective
154	21MPTMS101	Drashti Bhatt	Dr. Ratan Khuman	Activity limitation and participation restriction in frozen shoulder individuals: a patient perpective
176	21MPTCS105	Kshiti Vyas	Dr. Megha Gohil	To explore knowledge and attitude of peripheral arterial disease risk factors and prevention in patients with arterial disease
175	21MPTCS104	Urvi Trivedi	Dr. Vidhi Thakar	Development of evidence based cardiac rehabilitation booklet for patients with cardiac conditions
174	21MPTCS103	Jaini Shah	Dr. Vidhi Thakar	Predicators of accepatance of mobile -based care for hypertension among the health care professionals
173	21MPTCS102	Manjar Anjali	Dr. Vidhi Thakar	Feasibility of mobile-based health literacy intervention in older adults with non communicable diseases
172	21MPTCS101	Janvee Baldaniya	Dr. Megha Gohil	Establishing the accuracy of prediction model utilizing 6-minute walk test in patients with peripheral arterial disease
146	20MPTRE104	Mayur Rabari	Dr. Dhruv Dave	Effect of otago exercise programme in institutional based rehabilitation v/s community dwelling elderly with medium risk of fall - a randomized contolled trial
145	20MPTRE103	Purna Patel	Dr. Dhruv Dave	Quality of life of female with PCOS around charotar region

144	20MPTRE102	Vyoma Lavri	Dr. Dhruv Dave	Pulmonary function test in patients with type 2 diabetes mellitus: a cross sectional study
143	20MPTRE101	Aneri Amin	Dr. M. Balaganapathy	Impact of awareness program on knowledge of breast cancer and practice of breast self-examination amongst females of east ahmedabad
153	20MPTPA103	Kajal Patel	Dr. L. Surbala Devi	Parent's perception on the availability of environmental features needed by children with cerebral palsy: a preliminary survey
152	20MPTPA102	Chandni Parikh	Dr. L. Surbala Devi	Needs of indian parents of children with cerebral palsy
151	20MPTPA101	Lakhani Amisha	Dr. L. Surbala Devi	Physiotherapist perspective on quality of physiotherapy care delivered for children with cerebral palsy during covid-19 pandemic: a qualitative study
142	20MPTNS107	Ananyaa Sridhar	Dr. Prakash V.	Physiotherapist's perceived barriers and facilitators in implementiong repetitive functional task oriented exercises in managing walking limitations in patients with stroke: a qualitative study
141	20MPTNS106	Smruti Rohit	Dr. Sumam Sunny	Validity and reliability of cognitive star excursion balance test for balance assessment in type 2 diabetes mellitus
140	20MPTNS105	Sneha Prajapati	Dr. Prakash V.	Validation of telephonic mode of administration of the indian stroke scale
139	20MPTNS104	Mudaliyar Asha	Dr. Prakash V.	Perceived difficulty in different dimensions of community ambulation in patients with stroke: a qualitative study
138	20MPTNS103	Pooja Kachrola	Dr. Mansi Soni	Effect of social support intervention on perceived social support, physical activity and quality of life among community dwelling stroke survivors
137	20MPTNS102	Jignasha Gohil	Dr. Mansi Soni	Patient participation in rehabilitation and its association with patient satisfaction and clinic-based adherence among strokes supervisors
136	20MPTNS101	Dollar Brahmbhatt	Dr. Sumam Sunny	Inter-rater and intra-rater reliability of balance evaluation systems test in individuals with type 2 diabetes mellitus
135	20MPTMS107	Shreya Prajapati	Dr. P. Ratan Khuman	Functioning issues of low back pain: an indian physiotherapists perspective

134	20MPTMS106	Hemali Patel	Dr. Sweni Shah	Factors influencing physiotherapists treatment choice in the management of osteoarthritis knee: a qualitative study
133	20MPTMS105	Divya Patel	Dr. M. Balaganapathy	Gujarati translation and adherence testing of stretching and strengthening for rheumatoid arthritis of the hand (SARAH)
132	20MPTMS104	Damini Patel	Dr. Hemal Patel	Development of Normative Value of joint position error for cervical proprioception
131	20MPTMS103	Dhruvi Mehta	Dr. M. Balaganapathy	Cross cultural adaption and validation of the gujarati version of the mcgill pain questionnaire
130	20MPTMS102	Krina Gandhi	Dr. Heta Patel	Stair ambulation aptness for different structural phenotypes of early knee osteoarthritis in overweight population
129	20MPTMS101	Priya Baraiya	Dr. P. Ratan Khuman	Patient perspective on functioning issues of low back pain
150	20MPTCS104	Mehali Patel	Dr. Megha Gohil	Barriers to referral and supervised exercise therapy utilization for peripheral arterial subjects with intermittent claudication among vascular surgeons/physicians of gujarat: a survey
149	20MPTCS103	Dharmishtha Kharva	Dr. Vidhi Thakar	The impact of low versus high intensity isometric handgrip exercise training on reduction of blood pressure in individuals with hypertension - a randomized double blinded controlled trial
148	20MPTCS102	Vrushika Kanthariya	Dr. Vidhi Thakar	attitude and expectations of physiotherapists towards mhealth application based care in patients with cardiac disease
147	20MPTCS101	Aarti Joshi	Dr. Megha Gohil	relationship between fatigue level and functional limitation in post-covid 19 recovered young adults
128	19MPTRE102	Vaghela Krishna	Dr. Dhruv Dave	Association of physical activity and stress among housewife and working wives
127	19MPTRE101	Sodhaparmar Kuldipsinh	Dr. Dhruv Dave	Knowledge about antenatal physiotherapy among health care professionals
126	19MPTPA103	Riya Thakkar	Dr. L. Surbala Devi	Agreement between physiotherapists and mothers on expectations from physiotherapy management of children with cerebral palsy
125	19MPTPA102	Somaiya Payal	Dr. L. Surbala Devi	Coping with parental stress in indian mothers of children with cerebral palsy - a qualitative study
124	19MPTNS105	Tandel Vidhi	Dr. Sumam Sunny	Effect of Cognitive Impairment on Balance in Obese Elderly Individuals with Type 2 Diabetes Mellitus

123	19MPTNS104	Simrankaur Sangtani	Dr. Prakash V.	Association Between Personal Factors and Community Mobility Among Patients with Stroke: A Cross Sectional Study
122	19MPTNS103	Nidhi Rajani	Dr. Prakash V.	Validity of Self-Reported Community Mobility measurement in Patients with Stroke
121	19MPTNS102	Patel Riya	Dr. Mansi Soni	Domain Specific Physical Activity Among Community Dwelling Stroke Survivors And Association of Physical Activity With Their Quality of Life
120	19MPTNS101	Kapoor Disha	Dr. Mansi Soni	Comparision of Nerve Conduction Among Patients with And Without Diabetic Polyneuropathy
119	19MPTMS109	Vora Riddhi	Dr. Shipraa Shah	Knowledge and Attitude Regarding Adult Spinal Deformity Among Final Year Students of Bachelors of Physiotherapy Across Gujarat: An Online Survey Study
118	19MPTMS108	Chandni Soni	Dr. Krupa Shah	Perceived Beliefs of Physical Activity in Patients With Non-Specific Chronic Low Back Pain
117	19MPTMS107	Vrunda Shah	Dr. Hemal Patel	Development of Normative Value of Knee Proprioception in Healthy Individuals
116	19MPTMS106	Aayushi Shah	Dr. Sweni Shah	Influence of Physiotherapy Students' Attitudes and Beliefs on Decision Making in Management of Non-Specific Low Back Pain
115	19MPTMS105	Pujara Vishwa	Dr. Heta Patel	Influence of Pain, Tenderness and Radiographic features on Functional Outcome Measurement in Overweight Individuals With Early Knee OA: A Cross Sectional Study
114	19MPTMS104	Daxa Prajapati	Dr. Ratan Khuman	Physiotherapist's Perspective On Functioning of Lower Extremity Osteoarthritis
113	19MPTMS103	Twinkle Najkani	Dr.M. Balaganapathy	Perception of Using Backpack and Its Related Musculoskeletal Discomforts in Adolescents
112	19MPTMS102	M. Ramyasakthi	Dr. Ratan Khuman	Understanding Fuctioning of Patients with Knee Osteoarthritis: A Patient Perspective
111	19MPTMS101	Charmi Brahmbhatt	Dr. M. Balaganapathy	Identification of Factors Influencing Reduced Physical Activity in School Going Children : A Qualitative Study

110	19MPTCS103	Nirali Sapariya	Dr. Vidhi Thakar	Comparing the effectiveness of technology -assisted versus versus conventional home-based cardiac rehabilitation on physical activity uptake and adhrence in indian patients with CABG: a pilot randomized controlled trial
109	19MPTCS102	Simoni Patel	Dr. Vidhi Thakar	Comparing the effectiveness of conventional method Vs m-helath method in promoting physical activity uptake and adherence in indian adults with hypertention
108	19MPTCS101	Dipalee Parikh	Dr. Vidhi Thakar	Effectiveness ofisometric handgrip execrise versus pranayama as a blood pressure reduction approch in adults with hypertension: A pilot randomised controlled trial
107	18MPTSS104	Aniruddhasinh Vala	Dr. Yashree Patel	Effects of Anterior-Posterior Curavature of Throacic Spine on Forearm Passing Accuracy In Volleyball Players
106	18MPTSS103	Vidhi Trivedi	Dr. Ratan Khuman	Knowledge and Attitude Towards Doping Among Indian Young Athletes
105	18MPTSS102	Shah Shivani	Dr. Yashree Patel	A survey to Study Knowledge of Sports Nutrition Amongst Athletes
104	18MPTSS101	Disha Shah	Dr. Ratan Khuman	Association Between Football Injury Incidence With Aerobic Capacity , Hamstring Flexibility and Agility Among Young Football Players
103	18MPTRE103	Thakkar Jinal	Dr. Dhruv Dave	Effect of home based shoulder exercise program on upper limb function and quality of life following surgery in women with breast cancer
102	18MPTRE102	Ankita Gosai	Dr. Dhruv Dave	Cog-Y Balance Test: Validity and Reliability For Fall Prediction in Community Dwelling Elders
101	18MPTRE101	Ditee Desai	Dr. Dhruv Dave	Knoledge and Practice Related to Manstrual Health and Hygiene in Female Athletses- A Cross Sectional Study
100	18MPTPA101	Amin Vaibhavi	Dr. L. Surbala Devi	Factors Affecting Parental Stress Among Indian Mothers of Children with Celebral Palsy
99	18MPTNS109	Vibhutiben Patel	Dr. Prakash V.	Out of Mobility Goals of Ambulatory Patients with Stroke: A Descriptive Survey
98	18MPTNS108	Aesha Patel	Dr. L. Surbala Devi	Prevalence of Benign Paroxysmal Positional Vertigo and its Association with Falls in Elderly Individuals
97	18MPTNS107	Purvi Pandya	Dr. Sumam Sunny	Functional Recovery in Spinal Cord Injury: Correlation with Severity of Injury, Dipression, Respiratory Function

96	18MPTNS106	Heppy Makadia	Dr. Prakash V.	Effects of Spin on Interpretation of randomized controlled trials evaluating physiotherapy inventions - A Randomized Controlled Trial
95	18MPTNS105	Mahant Nisha	Dr. Mansi Soni	Return to Paid or Unpaid Work in Patients with Stroke
94	18MPTNS104	Jayshree Lalwani	Dr. L. Surbala Devi	Does Knowledge and Attitudes Towards Evidenced Based Practice in Neuro -Physiotherapy Translate into Practice Among Clinical Neuro-Physiotherapists? A Preliminary Survey
93	18MPTNS103	Nidhi Khokhar	Dr. Prakash V.	Is gait speed measurement valid for representing meaningful change in real life walking among patients with stroke?
92	18MPTNS102	Garala Vidhi	Dr. Mansi Soni	Comparative Study to Evaluate Effects of Different Wrist Position on Nerve Conduction Study in Partient with and Without Carpal Tunnel Syndrome
91	18MPTNS101	Billimoria Shanaya	Dr. Mansi Soni	Factors Affecting the Quality of Life in Patients with Stroke in Acute, Subacute and Chronic Phases
90	18MPTMS107	Pranidhi Thakore	Dr. Shipraa Shah	Correlation Between Pes Planus (Flat Foot) and Anterior Knee Pain Among Obese Homemakers
89	18MPTMS106	Shivani Shah	Dr. Krishna Bhatt	Association of Self-Efficiency on Physical Functional Among Patients with Osteoarthritis of Knee
88	18MPTMS105	Yuti Ravat	Dr. M. Balaganapathy	Association of Postural Changes and Work Station Design Among Computer Workers
87	18MPTMS104	Rai Kajal	Dr. M. Balaganapathy	Association of Glucose Level with Pain and Physical Function Among Knee Osteoarthritis Individuals with Type-2 Diabetes Mellitus
86	18MPTMS103	Ravi Patel	Dr. Krishna Bhatt	Evaluation of Cervical Proprioception Among Desktop Users with Chronic Neck Pain
85	18MPTMS102	Margi Joshi	Dr. M. Balaganapathy	Effects of Dance Therapy on Depression, Fall Prevention & Overall Physical Activity in Older Adults
84	18MPTMS101	Rucha Acharya	Dr. Hemal Patel	Prevalance the Knee Osteoarthritis Risk Factors Among Young Adult Population
83	18MPTCS103	Vyoma Vaidya	Dr. Megha Gohil	Current knowledge, perception and practices of early mobilization in critically ill patients of ICU among Pysicians and physiotherapists

82	18MPTCS102	Vidhi Solanki	Dr. Vidhi Thakar	Assessing the efficacy of counting talk test in determining the intensity of strength training session and its agreement with one repetition maximum and session rate of perceived extension
81	18MPTCS101	Rutva Shah	Dr. Vidhi Thakar	Efficacy of mobile application versus telephonic communication to assess physical activity adherence in Indian patients with coronary artery bypass graft- a preliminary study
61	17MPTWH102	Nirja Swadas	Dr.Nency Pandya	Knowledge attitude and practice of antenatal exercise among pregnant females
50	17MPTWH101	Hitarthi Dhami	Dr.Nency Pandya	Association between gestational weight gain and initiation of breastfeeding after cesarean section delivery
70	17MPTSS104	Kuntal Suthar	Dr. Yashree Patel	Effect of short term barefoot training on tendon morphology among university female recreational athletes
64	17MPTSS103	Ina Shah	Dr. P Ratan Khuman	Relationship between rate of injury & sleep pattern among youth athletes
56	17MPTSS102	Patel Vraj	Dr. Yashree Patel	Effects of " FIFA11+ kids" warm up protocol on field performance in physically active school children
51	17MPTSS101	Bhargav Patel	Dr. P Ratan Khuman	Association of vertical jump performance and heart rateresponse among volleyball player and healthy population
66	17MPTRE103	Christina Vaghela	Dr. Dhruv Dave	Assessment of awareness of lifestyle risk factors of non-communicable diseases (NCDs) among school children of rural area
58	17MPTRE102	Vimalkumar Rathava	Dr. Dhruv Dave	The effectiveness of short-term exercise programmes on general fitness level of young adult in rural areas
53	17MPTRE101	Rincy Parmar	Dr. Dhruv Dave	Perception about accessibility to physiotherapy services in community dwelling elderly with musculoskeletal problems
65	17MPTPA103	Parita Vanpariya	Dr. Mansi Soni	Effect of concurrent training on cardio-respiratory endurance in children with down syndrome
57	17MPTPA102	Hardik Suthar	Dr. Shuchi Joshi	Improving trunk stability and balance through focused physiotherapy exercise involving play activities compared to conventional physiotherapy in spastic cerebral palsy children: Quasi-experimental study
